

How CyberWellnessSM can work for you

Trusted expertise and partnership to help you mitigate your company's top cyber risks

DOL's cyber guidance expects employers to maintain cybersecurity and protect workers' information and accounts. CyberWellness will help you identify any potential gaps and provide practical suggestions on how to close them.

- 1 Complete the CyberWellness Assessment (Mobile app)
- 2 Get customized CyberWellness training and consulting (virtual or on-site)
 - Cybersecurity and fraud best practices
 - Security awareness and training
 - Incident response playbook review, development and exercises
 - Patch and vulnerability management processes

For more information, contact your Fidelity Managing Director
